## **Purpose:**

The Regional Office provides technology services to the schools in Jackson and Perry Counties. The Regional Office works in conjunction with Area 6 South Technology Hub to provide many of these services.

## **Services:**

The many services include:

- Staff Development
- Technology trouble-shooting
- software and hardware support
- technology planning support
- many other areas as determined by need and availability of resources.

The Regional Office is responsible for providing technology related workshops designed to meet the diverse needs of the educators in our area.

On a bi-monthly basis, technology directors or representatives from ROE #30 schools meet to discuss statewide issues, technology news and needs of the schools.

Teachers from ROE #30 are continually updated on topics of interest, for example grants, via email list serves.

ROE #30 strives to keep updated information concerning services, workshops, school directories and the latest state news on their web site: [www.roe30.org](http://www.roe30.org)
