**EMPLOYMENT OF TEACHERS IN ILLINOIS
AFTER EDUCATION REFORM**
ADMINISTRATOR ACADEMY #1228

A Practical Approach for Superintendents & Principals

The Education Form Bill (SB 7) and the Performance Evaluation Reform Act (SB 315) materially alter the way we hire, retain, evaluate, layoff and dismiss teachers. The effects of these two laws are far-reaching and long-lasting. This course will address the contents of SB 7 and SB 315 and their practical implications in schools. It will examine assignments and vacancies, reductions in force, teacher tenure, teacher dismissal, teacher evaluations, collective bargaining, required board training and other legal issues addressed by the law. The course will not be simply a lecture on the law; instead, it will review the practical implications of the law, the need for policy changes and the collective bargaining implications for all new requirements. The program will also provide training in how to implement the law in schools, how to evaluate school staff and how to bargain the changes with the affected school groups.

CARTERVILLE
MARCH 5

John A Logan College
700 Logan College
Carterville, IL
Conference Center Rm F119
